SCHUYLER COUNTY SOIL & WATER CONSERVATION DISTRICT
Till n Seed no till seeder
RENTAL AGREEMENT
RENTAL RATE $0/ Day

Total Fee Agreed Upon   **$** [   ]

The Schuyler County Soil & Water Conservation District will rent to:

 Name_____

Address:_____

Phone Number_____

Contact Person_____

How long do you expect to use the Seeder:_____

Liability Insurance:
A certificate of liability insurance for a minimum of $500,000 dollars in the name of the operator/farm must be given to the Schuyler County Soil and Water Conservation District prior to use. Policies such as this can be added under your home owners policy for a small fee if you do not carry this type of liability coverage.

CONDITIONS FOR USE:

Every 8 hours of use the Seeder will be greased
Every 4 hours of use the Seeder will be checked for loose or missing parts

If you damage the Seeder:
> **You will notify the District at once (607) 535-0878.**
>
> **You will be responsible to pay for all damage that you create including parts, mileage, shipping charges and labor.**
>
> **Normal wear and tear is excluded, but will be determined by the District.**
>
> **DO NOT perform any repairs unless the District agrees to it. All repairs from damage will be made by the Conservation District or anyone the District designates.**

You will not loan the Seeder to anyone while it is in your possession
You will not move the Seeder to another site unless the District is notified and is in agreement.

Returning the Seeder:

When the Seeder is returned or picked up by the District, it will be CLEAN!

The Seeder will be greased at all points

*If District Tractor is used it will be full of fuel and at an adequate level of both engine and hydraulic oil.

*The Seeder will be washed clean of all mud, dirt, grass, etc.

<u>NON COMPLIANCE WILL RESULT IN A $200.00 CLEANING SERVICE CHARGE!</u>

The Schuyler County Soil & Water Conservation District will not be responsible for any injury of any operator or the damage of any personal equipment, due to the use of this machine and its accessories.

These conditions exist to insure a clean, safe and reliable machine for its users and to ensure a long life for the no till seeder.
