 - B. **Sexton Hollow Bridge** – Jerry stated the box culvert was started on July 11th. The district and the Town removed the old structure and had the site prepped for the box in 2.5 days. The precast toe walls were set by silverline construction on the 18th. The box was set and waterproofed on the 20th-22nd. We will be backfilling and doing rip rap on this week.
7. **New Business:**
 - A. **Watkins Glen Cemetary** - The Village of Watkins Glen called with an emergency at the cemetary. A local resident (Jr. Specchio) was allowed by the Village to level an area for a grave site for his son. The Village wasn't happy with the work he did and asked him to correct it. When he attempted to he created a very unstable eroded slope that was falling onto grave stones below. The district using the Village of Watkins Glen excavator regraded the slope, seeded the site, placed erosion control fabric and seeded the site again. It took less than a day to complete.
